at Queen’s Park

The Dairy Farmers of Ontario (DFO) participated on the lawn of the Ontario Legislature on Monday May 17th, as the fourth annual *Pick Ontario Freshness* event attracted a crowd of hundreds to taste Ontario products from two dozen provincial farm commodity groups, processors and retailers.

At the DFO booth, 250 cartons of chocolate and white milk, donated by Gay Lea Foods, were handed out.

The DFO is the marketing group for the largest sector of Ontario agriculture and are proudly owned and operated by Ontario's dairy farmers.

Ontario is boosting grassroots marketing efforts for Ontario foods and strengthening the economy by promoting local products. A strong agri-food industry supports the *Open Ontario* plan to create job and opportunities that will boost province’s economy.

In the words of Carol Mitchell, Minister of Agriculture, Food and Rural Affairs, “We know that good things grow in Ontario, and now it’s time for the rest of the world to know it. Choosing high quality, fresh Ontario foods supports our hard-working farmers, strengthens our communities, and protects our environment.
